

Adding value. Finding balance.

## IT'S DONE! WE'RE ONE!

The merger of Neal, Pallett & Townsend LLP and Zaritsky Penny LLP announced in June was formally completed on October 1st and the two highly respected firms have come together under the unified name and identity of NPT LLP. This merger joins two excellent organizations that share in philosophy, vision and quality of service. *Adding Value, Finding Balance*, four simple yet powerful words that sum up our dedication to quality work for our clients and a commitment to all members of our organization for a healthy work-life balance. While having a reputation for providing a high level of personal accounting, tax, audit, and business advisory services, each of the predecessor firms

was individually known for assisting clients in various highly specialized areas. The partners of NPT LLP are excited about their increased ability to now expand services in the areas of Health Care Advisory Services, Class Action Administration, Business Valuations, Wealth Management and Business Purchase and Sale and Transition services. Our combined strength is significantly greater because of the merger. We look forward to a future of strengthening existing relationships and building new ones and enhancing our services to our clients with a depth of knowledge and breadth of experience, while maintaining the personalized and individual attention afforded by long-term individual relationships.
